

## Ring size guide using a ring

Be sure this guide is printed in A4 size and scaled to 100% before measuring your ring. You can verify the accuracy of your print by positioning a credit card on the line below. If the card lines up, you can start measuring.

## Measuring by matching your ring

To find your Pomellato ring size, use an existing ring that fits you well. Match the inside of the ring with one of the circles below. When you find the right size that matches your ring, you should see only the white circle inside your ring with no gray space.

Please, check the suggested size in the Size Guide that you find in every product page.
